

Aoife Brennan

Network Engineer

Dublin · aoife.brennan@example.com

Summary

Network engineer with eight years designing and running multi-site networks for manufacturing and distribution businesses.

Experience

Lead Network Engineer - Shannon Distribution, Limerick · April 2017 - present

Own the network across eleven sites: Cisco routing and switching, Palo Alto firewalls, and the MPLS and SD-WAN estate. Delivered the SD-WAN migration across all sites. On call for network incidents. Work alongside the security team on firewall rule reviews but do not own the security programme.

Network Engineer - Corrib Systems, Galway · July 2015 - March 2017

Switching, wireless and VPN for a 300-user manufacturer. Supported the annual penetration test remediation.

Skills

Cisco routing and switching - Palo Alto firewalls - SD-WAN - MPLS - wireless - VPN - network monitoring - English (native), Irish

Education & Certifications

BEng Electronic Engineering, University of Galway, 2015. CCNP. Irish and EU citizen.
